As members of the San Diego Mission Boat and Ski Club, we are lucky to have a beautiful yard to store our canoes and the rebuilt shed is a great place for our equipment. We are fortunate to have a great place to have our fundraisers, and appreciate the support of the all the members and staff.

As an outrigger club we are missing paddling like crazy and hope we will get on the water soon. We look forward to having current and new flag members experience paddling, so stay safe and healthy, as we hope to get in a canoe together soon.
